## INTERNSHIP REPORT

Teaching is the profession that creates all other professions.

I am so delighted to share my experience of teaching internship.

Being a student of Maa Bharti P.G. College with the discipline of B.Sc. B.Ed. in 3<sup>rd</sup> Year here I am saying my heart out about my journey of my beautiful time span started in March as an internship at Govt. Girl's Sr. Sec. School Kota, Rajasthan.

I would like to express my gratitude to Maa Bharti P.G. College and Education Dept. to provide us this eternal called Internship that enriched us in our expedition of becoming teachers of future.

They trained us through different types of methods like model based on 'STEM EDUCATION'. STEM stands as an approach to learning and development that integrates the areas of science, technology, engineering and mathematics. It represents a unique approach to teaching and learning, one that centers around individual students' learning styles and interests. It was used in my topic "झरोखे के पीछे कला और गणित" that shows correlation between Art & Mathematics through a model.

School Internship program is a part of Teacher's training program.

Under this programme students are sent to different schools, where they get the experience to deal with students in the real classroom situation. Every year our college sends 3<sup>rd</sup> & 4<sup>th</sup> year students for Internship. I had been sent to Govt. Girl's Sr. Sec. School Kota for 24 days Internship from 17.03.2023 to 21.04.2023. It was a great experience to teach students and face all the situations as a teacher during a class.

Also, I would like to thank GSS School's principal, school coordinator, all staff members and all other Internship Students for being very supportive. We shared millions of memories that I will cherish forever as for their support and guidance for they provided an environment that helped me to shape for better tomorrow.

I realized what it really means to be a teacher, students see us as their ideal and trust us completely hence the responsibility for their overall development rests on us. So, I will try my best to become a good teacher. I am really happy to choose this sector that I'll be able to contribute in making the students good citizens. This internship gave me many unforgettable memories.

Thanks to the staff for giving lessons and my fellows for cooperation, this will be the best time span to remember.

## INTERNSHIP

The art of teaching is the art of assisting discovery.

Jai Hind, I am so delighted to share my experience of my teaching internship. Being a student of Maa Bharti P.G College with the discipline of BSc..BEd in 4th year here I am saying my heart out about my journey of my beautiful time span started in May as an internship at Govt. School Kota, Rajasthan.

It's said that rather than keeping up with theory it's more productive to go practically, for which I got the opportunity to enroll myself for three months of time span in a Government school. I had the privilege of gaining insights into the teaching profession. The internship took place in the month of May. My role involved co-teaching with experienced educators and taking on some independent teaching responsibilities including curricular activities.

With understanding the diverse children's background to handle them together in class/ground, I gained a lot of positive influence in my way of learning. Additionally, it also brought me a few challenges but the support of staff and fellow interns was very good.

I still remember I was so nervous for my first day but I met my fellow members and after that we had a small get together with staff which made the environment light. From being assigned to class 8-10 with my subject of math, I was well connected with students, got to know the ideology of different background students and had interactive sessions mostly. Apart from teaching I was also enrolled for taking tests and interacting with students via other activities which led me to increase cooperation and lead my training in a fruitful way.

I Learned something different from books . Thanks to the staff for giving lessons and my fellows for cooperation, this will be the best time span to remember.

## **👉 THE IDEA OF INTERNSHIP**

**An Internship is an integral part of B.ED programme. The internship exposure is provided to the students in the 3rd semester. All B.ed colleges and the universities running B.ed courses should provide an internship exposure to the student. Internship provides practical exposure to the theoretical aspect studied in the course. It helps in the development of professional ethics and professional competencies within the future teacher.**

## **👉 DESCRIPTION OF THE SCHOOL**

**The school where I was allotted was Government upper primary school, talwandi sector 2/3, Kota. The school follows almost all the criteria provide by the government. There are 9 classrooms from class I to class VIII, one separate room of head master and one common room for staff. The school has the capacity to inculcate 150 students. The school daily provides the mid-day-meal for the students and one glass milk once in a week.**

## **👉 CHALLENGES IN LEARNING DURING INTERNSHIP**

### **1. Unable to grasp the attention of all students in the class ::**

**In class VIII I noticed that there were some girls who didn't pay attention and create disturbance during teaching and they also tried to disturb others who pay attention. Thus to tackle this situation I asked more questions to them in between teaching, called them to write on the blackboard and before started teaching I used to tell them that at last I asked two questions randomly among them.**

### **2. Blackboard writing Problems ::**

**Initially I was unable to use the whole part of the blackboard, even my handwriting was not good on there. Than, I observed classes of my fellow mates to know how they used blackboard. After that I tried to use blackboard more in my classes. In this way tackle that problem.**

### **3. Slow writing of the students ::**

**This is one of the major problems I faced during the initial days of my internship. Students especially of class VI were seem very slow in writing. It created problem for my teaching as I wrote many things in the blackboard while I used to highlight the main points.**

## **👉 MY EXPERIENCE**

**Teaching is a process of cooperative learning between teacher and the students. From my school internship I gained a lot of experiences. As a intern of "G.U.P.S talwandi " , I try my best to gave them what I able to do for them. I believe that I am successful regarding this because I noticed many changes among the students. One must have to mention that the students of class VI were now able to write their understanding very well who first used to write the answers as it is from their textbook.**

It's my pleasure to share my experience working as an intern teacher in G.U.P.S ,Talwandi.

School internship is an important part of teacher training programme.First of all I would like to thank institute staff and my fellow members. The experience I gained was memorable and distinct .We all know that practical experience is best, and internship gave us opportunity and so that we needed to be a successful teacher.

Skills such as multitasking,communicating and dealing with diversity these are skills which had been given by our institute with the help of micro teaching and new technology like teaching through models and ppts which is helpful in fast and creative learning .Nowadays students want to learn with new technologies and interesting methods for their bright future.

I still remember my first day of my internship, I was excited and nervous at the same time and first go to principal office and meet respected staff.

The internship is a major part of curricular which has included full time engagement in real school situation. I reported in school on March 2023 for 26 days.

Our mentor teachers were observing us regularly and appreciating us through that we get confidence to take classes. I tried to use every possible things which was learnt previously to teach students .

As I took classes 5 to 7 sometimes students try to disturb and ignore us because we are intern teachers but as we taken their classes they too were cooperating with us. The numerous interactions that I have done gave me a better insight into the thinking of the students and their problems and ideas that I am happy to somewhat forward into better path.

According to new education policy - Teacher education is vital in creating a pool of school teacher that will save the next generation. Teacher preparation is an activity that requires multi - disciplinary perspective and knowledge information of

disposition and values and development of practice under the best mentors.

The principal of G.U.P.S , Talwandi was so enthusiastic I learned from him a lot. On the last day the principal thanked us in the assessing information. I went to all the classes to say goodbye and wishing the students good luck for their bright future.

That golden days taught me so much that day I felt the importance and value of this course.

I had learnt a lot from internship so I will never going to forget those magical days of my life.

Teaching will be the greatest experience of my life. Thank you have a good day.

बीएससी बीएड इंटरनशिप कार्यक्रम को पूरा करने के लिए, मैं हमारे माननीय प्रिंसिपल (एचओडी) मैम, इंटरनशिप समन्वयक और सम्मानित शिक्षकों को इस कार्य को करने में सक्षम बनाने के लिए अपना हार्दिक धन्यवाद व्यक्त करता हूँ।

राजकीय उच्च माध्यमिक विद्यालय खानपुर मे एक प्रशिक्षु शिक्षक के रूप में अपने कार्य अनुभव को साझा करना मेरे लिए खुशी की बात है।

स्कूल इंटरनशिप कार्यक्रम शिक्षक प्रशिक्षण कार्यक्रम का एक हिस्सा है। किसी स्कूल में जाकर छात्रों को पढ़ाना और उन सभी परिस्थितियों का सामना करना एक अद्भुत अनुभव है जो एक कक्षा चलाने के दौरान एक शिक्षक के सामने आती हैं। मुझे राजकीय उच्च माध्यमिक विद्यालय खानपुर में 24 दिनों की इंटरनशिप के लिए भेजा गया था।

मुझे आज भी अपनी इंटरनशिप का पहला दिन याद है। मैं एक ही समय में उत्साहित और घबराया हुआ था। मैं समय पर स्कूल पहुंचा और सबसे पहले प्रिंसिपल ऑफिस जाकर आदरणीय प्रिंसिपल सर से मिला।

उन्होंने मुझे इस प्रशिक्षण कार्यक्रम की सारी प्रक्रिया समझायी। इस कार्यक्रम में प्रिंसिपल सर और अन्य शिक्षको ने मेरा बहुत सहयोग किया।

यह इंटरनशिप कार्यक्रम मल्टीटास्किंग, संचार, विविधता से निपटने के लिए सीखने और समय सीमा से निपटने जैसे कौशल विकसित करने में बहुत मददगार था, खासकर जब आप दूसरों के साथ काम कर रहे हों और अपने से अधिक अनुभवी हों।

मुझे पता था कि मेरी इंटरनशिप का पहला दिन बहुत रोमांचक और घबराहट भरा था। परन्तु मेरे सहकर्मी शिक्षको ने मेरी घबराहट को कम करने में मेरी मदद की, फिर मैं कक्षा में गया और यह एक बहुत अच्छा अनुभव था, सभी छात्र एक शिक्षक के रूप में पूरे सम्मान के साथ मेरा स्वागत करते हैं।

इन सुनहरे दिनों ने हमें बहुत कुछ सिखाया, उस दिन मुझे इस पाठ्यक्रम के महत्व और मूल्य का एहसास हुआ। मैं बहुत भाग्यशाली महसूस कर रहा हूँ की मुझे इस कार्यक्रम की वजह से पढ़ाने का अवसर मिला।

पढ़ाना मेरे जीवन का सबसे बड़ा अनुभव होगा इसलिए मैं इन सुनहरे दिनों को कभी नहीं भूलूंगा।

## निष्कर्ष

वे दिन सचमुच सुनहरे दिन थे, इस इंटरनशिप कार्यक्रम में बहुत सारी चीजें सीखीं। मैं बच्चों से जुड़ा हुआ था और जब मुझे वापस लौटना पड़ा तो मुझे दुख हुआ।

मैं अपने कॉलेज के शिक्षकों का बहुत आभारी और खुश हूँ, जिनका प्रशिक्षण और मार्गदर्शन बहुत उचित था और इससे मुझे आगे बढ़ने में मदद मिली।

धन्यवाद

I'm so excited to share my working experience as a intern teacher in GOVT. Sr. Sec. School Rishinda Bundi Raj.

School internship program is a integral part of teacher's training programme. The internship programme is a major part of B.Ed. Curriculum which has included full time engagement in real school situation for a prolonged period of enough duration.

Under internship programme the student teachers are sent to school to observe the supervision and monitoring system of the school.

It is an amazing experience to went in a school to teach students and face all the situations which was come to a teacher while running a class I had been sent to Govt. Sr. Sec. School, Rishinda for 24 days internship.

I would like to thank principal and teachers of the school , who was pleasingly welcomed me and for being very supportive. They gave me confidence and guidance to improve my teaching skills.

They explained me all the procedure of this training programme.

The internship programme was very helpful and supportive for developing skills such as multitasking , communication, learning to deal with diversity and dealing with deadlines specially when you are working with other's and more experienced then you.

I knew the first day of my internship , it was very exciting and nervous as well, and firstly I went to meet principal sir at their office and they welcomed me very kindly.

Then, later I met with my colleague teacher , they are very humble and friendly with nature . They all helped me to calm down little bit and makes me comfortable properly. Even they helped me to reduce my nervousness, then I went to classroom and it was a sublime experience , all students were very welcoming in nature . They gave me full respect and it feels very proud on myself . This is one of most memorable experience of my life . All the people associated along with internship programme have been cooperative.

The staff of the school is very co-operative and encouraging. The most worth noting experience is that I learnt to maintain class control. I got the opportunity of participating in the two extra - curricular activities of the school which were held in the school during this month and it was a great knowledge for me.

As I got opportunity to participate in the internship programme , it was my sole responsibility to jump on any occasion that will nurture our skill of becoming a teacher . That is why I participated in all such opportunities with utmost dedication and were not limited to just teaching but more than that.

Internship is a transitional period in the life of a trainee, of every field. I went to this internship with a belief that I will be able to polish my abilities that will aid me in my quest of taking better class. Not just they will enrich the students with new knowledge but also stimulate within them an eternal hunger to gain more of it. There was also a selfish aim though to learn and have a satisfactory experience on teaching students in proper school environment. The confidence to classes while well equipped with a structured class made me happy that I somewhat closer to my goal.

The numerous interactions that I have done gave me a better insight into the thinking of the students and their problems and ideas that I am happy to somewhat forward into better path. There is this saying 'it's the teacher not the classroom that makes a difference in the life of students' I would like to tweak it a bit by adding that for my life it is the students who enriched it with millions of happy memories that will remind me of my quest of becoming a better

teacher 'Why I want to be what I want to be'".

As the students of class 6 to 8 were not physically present in the school so we had to take only online classes. As they were new to us, so we firstly tried to get them and about their school. Later we started going to different classes and taking different classes. As we were inter teachers, many times students try to disturb us and ignore us but as we taken their classes they too were cooperating with us.

After my internship I make a final lesson in which I made a model on properties of cube .

## **Conclusion**

Those days are really golden days learnt so many things in this internship program. I was connected to the children and that make me sad when i had to return

I am very thankful and glad to my college teachers, whose training and guidance was very appropriate and helped me to grow.

सबको दोपहर की नमस्ते। हमारे माननीय प्रिंसिपल (एचओडी) मेम, सम्मानित प्रोफेसर और मेरे प्रिय सहपाठियों का हार्दिक स्वागत है। किसी महत्वपूर्ण कार्य का आरंभ करना जितना महत्वपूर्ण है, उसे संचालित करने में भी उतनी ही गंभीरता है। मुझे इस अवसर का विस्तार करने, पीछे मुड़कर देखने और राजकीय उच्च माध्यमिक विद्यालय, बमोरी में तीन महीने की इंटरशिप से मिले अपने अनुभव पर विचार करने का सौभाग्य मिला है।

घटनाओं पर पहुंचने से पहले, मैं हमारे चरम के प्रति अपना आभार व्यक्त करता हूँ।

प्रिंसिपल मेम, जिन्होंने महामारी के भयावह समय में भी हमें धैर्य दिया और ऑफ़लाइन इंटरशिप का अवसर दिया। उनके निरंतर समर्थन और निगरानी के बिना, ऐसा होना लगभग असंभव था। हमारे सम्मानित समन्वयक और

संरक्षक, प्रोफेसर और साथ ही प्रशासन विभाग के प्रति मेरा आभार, जिन्होंने इंटरनशिप कार्यक्रम को सफलतापूर्वक आयोजित करने, निष्पादित करने और पूरा करने में अपनी निरंतर सहायता प्रदान की।

अनुभवों की बात करें तो, कोटा में स्थित हमारा निर्दिष्ट स्कूल राजकीय उच्च माध्यमिक विद्यालय, बमोरी क्षेत्र के अंतर्गत सबसे पुराने स्कूलों में से एक है। 500 से अधिक प्रतिभाशाली मानसिकता वाले छात्रों और 25 से अधिक शिक्षकों से युक्त, न केवल कागज पर, बल्कि जमीनी स्तर पर छात्रों के लिए संभावनाओं का एक समग्र सेट पेश किया। हम पूरे स्कूल समुदाय से समर्थन पाने में काफी भाग्यशाली थे, बल्कि इसमें कक्षाएं संचालित करना, आधिकारिक काम करना और यहां तक कि हमारे सामने आने वाली लड़ाइयों को चकमा देना भी शामिल था।

इंटरनशिप के बाद हमने FINAL LESSON भी बनाया। जिसमें मैंने CYLINDER को मॉडल द्वारा समझाया। अंत में,

मैं यह कहकर भाषण यहीं समाप्त कर सकता हूं कि इंटरनशिप बहुत ज्ञानवर्धक थी। लेकिन मैं एक पहलू साझा

करना चाहूंगा जो इंटरशिप ने मुझे सिखाया। हर रोज खुद से पूछने के लिए एक ही सवाल।

"आज आप जिस पर काम कर रहे हैं क्या वह समय की कसौटी पर खरा उतरेगा? क्या आप मायने रखेंगे?"

क्योंकि यह पेशा शोहरत या दौलत के बारे में बिल्कुल भी नहीं है। यह मूल्यों, निरंतर कर्तव्यों और कुछ ऐसा बनाने के बारे में है जिसका प्रभाव हो। उन चीज़ों को प्रमाणित करना जिन्हें आप जानते हैं, आप नहीं जानते हैं। उस नोट पर मुझे विश्वास है कि मैं इस मुद्दे पर तेजी लाऊंगा। "सीखने आओ और सेवा करने जाओ |"

कोटा**

मैं हमारी माननीय प्रिंसिपल मेम ,HOD मेम तथा इंटरनशिप समन्वय सर और हमारे शिक्षण संस्थान मां भारती पीजी कॉलेज का विनम्र आभार व्यक्त करता हूं | जिन्होंने हमें इंटरनशिप नामक कार्यक्रम का प्रत्यक्ष अनुभव करने का अवसर प्रदान किया |

इसके अतिरिक्त मैं राजकीय उच्च प्राथमिक विद्यालय पंडित दीन दयाल नगर, कोटा को भी धन्यवाद देना चाहता हूं | जहां मैं 16 March 2023 से 21 April 2023 तक एक प्रशिक्षु शिक्षक के रूप में उपस्थित था |

प्रिंसिपल सर, स्कूल समन्वयक और समस्त स्कूल स्टाफ के सदस्यों ने इंटरनशिप कार्यक्रम के दौरान मेरी सहायता और समर्थन किया | तथा विद्यार्थियों ने एक ऐसा माहोल उपलब्ध कराया जिसमें कि हमें एक बेहतर शिक्षक बन सके |

प्रारम्भ मे, जब हमने इस शिक्षण संस्थान में प्रवेश लिया था तब शायद हममें से कुछ को थोड़ा संदेश था कि क्या हम अपने शिक्षकों का दस प्रतिशत भी बन पायेंगे ? किसी और को अपने लक्ष्य की और निर्देशित करने की भावना एक ही समय भयवाह और आनंददायक दोनो होती है । हालांकी प्रारंभ से ही हमारे पास कुछ अवसर थे । जो संस्थान में प्रवेश लेने के समय से ही हमारा इंतजार कर रहे थे जैसे इंटर्नशिप कार्यक्रम या इसके सहयोगी कार्यक्रम, सह पाठ्यक्रम गतिविधि, सामुदायिक कार्यक्रम आदि ।

- कॉलेज ने हमें इन कार्यक्रमों से अवगत कराया और इनका प्रशिक्षण भी प्रदान किया ।
- कॉलेज द्वारा शिक्षण अधिगम प्रक्रिया के विभिन्न कौशलों से भी अवगत कराया गया तथा इनकी ट्रेनिंग भी प्रदान की गयी ।

स्कूल इंटर्नशिप, शिक्षण प्रशिक्षण कार्यक्रम का एक महत्वपूर्ण हिस्सा है । जिसमे छात्र शिक्षक को वास्तविक विद्यालय की परिस्थितयों से परिचय जाता है ।

इस कार्यक्रम के तहत छात्रों को अलग-अलग स्कूलों में भेजा जाता है जहां उन्हें वास्तविक कक्षा की स्थिति में छात्रों से निपटने का अनुभव मिलता है।

इसके अंतरगत मुझे राजकीय उच्च प्राथमिक विद्यालय पंडित दीन दयाल नगर, कोटा भेजा गया था | जहां मैंने 16 March 2023 को ज्वाइन किया था | जहां सर्वप्रथम शिक्षकों व छात्रों से परिचय कराया गया |

ये सब हमारे लिए नया था | इसलिए हमने सबसे पहले स्कूल के बारे में जानने का प्रयास किया फिर इसके बाद कक्षा लेना प्रारंभ किया |

क्योंकि हम इंटरन के शिक्षक थे, इसलिए कई बार छात्र हमें परेशान करने और हमें नजरंदाज करने की कोशिश करते थे, लेकिन जैसे ही हमने कक्षाएं लेनी शुरू की, छात्रों ने भी हमारा सहयोग किया। शिक्षकों ने भी हमें बेहतर शिक्षक कैसे बने ? इस पर सलाह दी |

हमारे गुरु शिक्षक नियमित रूप से हमारा अवलोकन करते थे वे हमारी सराहना भी करते थे जिससे हमें कक्षाएँ लेने का आत्मविश्वास मिल सके |

हमने छात्रों को पढाने के लिए संस्थान द्वारा सीखी हर संभव चीज़ का उपयोग करने की कोशिश की |

हमें विद्यालय प्रणाली को समझने को कहा गया |

हमें परीक्षा के दौरान भी उपस्थित रहने को कहा गया ताकि हम यह समझ सकें कि परीक्षा कैसे आयोजित होती है और परीक्षा के दौरान और क्या चीजे होती है।

हमने विभिन्न पाठ्यचर्या संबंधी गतिविधियों में भी भाग लिया और एक नियमित शिक्षक के रूप में अपनी उपस्थिति दर्ज की।

मेने विद्यालय में मुख्य रूप से 5,6,7 की कक्षाये ली जिनमे मेने गणित विषय पढाया।

इंटरनशिप के बाद हमने FINAL LESSON भी बनाया जिसमें मैंने PYTHAGORAS THEOREM को मॉडल द्वारा समझाया।

अंत में, मैं यही कहना चाहूंगा कि इंटरनशिप कार्यक्रम बहुत लाभवर्धक है। जो हमें बेहतर शिक्षक बनने में मदद करता है।

मेरे लिए यह एक अलग अनुभव था। जो अच्छा था।

YEAR- 2022-23

I would like to extend my humble gratitude to our honorable principal madam, internship coordinator, respected teachers, which went through a lot to provide us this eternal experience called internship that enriched us in our expedition of becoming teachers of the future.

School internship is an important part of a teacher's training programme, our college every year sends the 3rd year students for internship in different schools. I had been sent to Govt Senior Secondary School Samraniya (15 March-22 April 2023). I would like to thank the school's principal sir, school coordinator, staff members and all the students for their support and guidance for they provided an environment that helped us to shape our characters for the better.

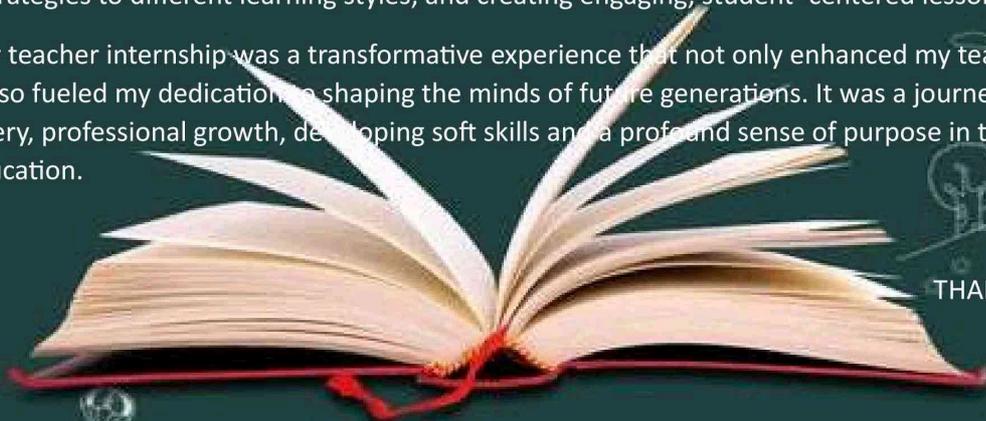

I began with an orientation session to familiarize myself with the school's mission, curriculum, and policies. I will then be assigned to a mentor teacher who served as his guide throughout the program. The mentor teacher provided ongoing support, feedback, and guidance, helping me to develop my teaching skills and classroom management techniques.

During my internship, I was involved in a wide range of activities that allowed me to grow as an educator. I observed classroom dynamics, assisted in lesson planning, and actively engaged with students in various subjects, from English to social studies. I also had the opportunity to lead small group discussions, helping struggling students grasp challenging concepts.

One of the most significant takeaways from my internship was the importance of building meaningful relationships with students. I learned that a caring and supportive classroom environment fosters student engagement and success. I also gained insights into classroom management, adapting teaching strategies to different learning styles, and creating engaging, student-centered lessons.

Overall, my teacher internship was a transformative experience that not only enhanced my teaching skills but also fueled my dedication to shaping the minds of future generations. It was a journey of self-discovery, professional growth, developing soft skills and a profound sense of purpose in the field of education.

THANK YOU

सबको दोपहर की नमस्ते। हमारे माननीय प्रिंसिपल (एचओडी) मेम, सम्मानित प्रोफेसर और मेरे प्रिय सहपाठियों का हार्दिक स्वागत है। किसी महत्वपूर्ण कार्य का आरंभ करना जितना महत्वपूर्ण है, उसे संचालित करने में भी उतनी ही गंभीरता है। मुझे इस अवसर का विस्तार करने, पीछे मुड़कर देखने और राजकीय उच्च माध्यमिक विद्यालय, निमसरा में एक महीने की इंटरशिप से मिले अपने अनुभव पर विचार करने का सौभाग्य मिला है। घटनाओं पर पहुंचने से पहले, मैं हमारे चरम के प्रति अपना आभार व्यक्त करता हूं।

प्रिंसिपल मेम, जिन्होंने महामारी के भयावह समय में भी हमें धैर्य दिया और ऑफ़लाइन इंटरशिप का अवसर दिया। उनके निरंतर समर्थन और निगरानी के बिना, ऐसा

होना लगभग असंभव था। हमारे सम्मानित समन्वयक और संरक्षक, प्रोफेसर और साथ ही प्रशासन विभाग के प्रति मेरा आभार, जिन्होंने इंटरनशिप कार्यक्रम को सफलतापूर्वक आयोजित करने, निष्पादित करने और पूरा करने में अपनी निरंतर सहायता प्रदान की।

अनुभवों की बात करें तो, इटावा में स्थित हमारा निर्दिष्ट स्कूल राजकीय उच्च माध्यमिक विद्यालय, निमसरा क्षेत्र के अंतर्गत सबसे पुराने स्कूलों में से एक है। 500 से अधिक प्रतिभाशाली मानसिकता वाले छात्रों और 25 से अधिक शिक्षकों से युक्त, न केवल कागज पर, बल्कि जमीनी स्तर पर छात्रों के लिए संभावनाओं का एक समग्र सेट पेश किया। हम पूरे स्कूल समुदाय से समर्थन पाने में काफी भाग्यशाली थे, बल्कि इसमें कक्षाएं संचालित करना, आधिकारिक काम करना और यहां तक कि हमारे सामने आने वाली लड़ाइयों को चकमा देना भी शामिल था। इंटरनशिप के बाद हमने FINAL LESSON भी बनाया | जिसमें मैंने THE GREAT PYRAMID OF GIZA को मॉडल द्वारा समझाया |

अंत में,

मैं यह कहकर भाषण यहीं समाप्त कर सकता हूँ कि इंटरनेट बहुत ज्ञानवर्धक थी। लेकिन मैं एक पहलू साझा करना चाहूँगा जो इंटरनेट ने मुझे सिखाया। हर रोज खुद से पूछने के लिए एक ही सवाल।

"आज आप जिस पर काम कर रहे हैं क्या वह समय की कसौटी पर खरा उतरेगा? क्या आप मायने रखेंगे?"

क्योंकि यह पेशा शोहरत या दौलत के बारे में बिल्कुल भी नहीं है। यह मूल्यों, निरंतर कर्तव्यों और कुछ ऐसा बनाने के बारे में है जिसका प्रभाव हो। उन चीज़ों को प्रमाणित करना जिन्हें आप जानते हैं, आप नहीं जानते हैं। उस नोट पर मुझे विश्वास है कि मैं इस मुद्दे पर तेजी लाऊँगा। "सीखने आओ और सेवा करने जाओ।"

It's my honor that I have got an opportunity to share my working experience as an intern. School internship is an integral part in a pupil teacher's life and the first step in experiencing teachers' role. It is a program in which interns go to the school to teach students so they can experience the difficulties and also learn how to overcome all the difficulties while teaching students of different individuality and personality. I had been sent to the Govt. Senior Secondary school Dadabari kota for internship.

I am very thankful and grateful to the principal and staff of the school who guided me during my internship, gave me tips to overcome difficulties that I faced while teaching. Little did I know that the internship would be so easy for me. This internship help me to learn so many things such as how to communicate with students, how to tackle their different individuality, how to be confident, and how to manage the student who always looks forward to creating chaos in the class.

Although, it was my first internship so I was quite nervous, but also filled with excitement as teaching is one of my passions. All the teachers, and especially the school principal helped me to overcome my nervousness and also gave me some tips to teach students of 1st ,2nd to 10th as well. It was a great experience with students and on the last day of my internship, I didn't wish to finish it because I had developed a good bond with all the students.

## **STEM EDUCATION**

STEM education stands for **Science, Technology, Engineering, and Mathematics**. It is not limited to this only but more than this as it has grown to represent a unique approach to teaching and learning and even wider. STEM education focuses on the learning style and interest of the child.

I would cordially like to thank the Educated Department of MBPG college who gave us the chance to work on the STEM which was truly an immense experience and got to learn a lot.

Using the STEM education, I made a project on Harappan Civilization and also depicted to students how Science, Technology, Engineering, and Mathematics could be used in one, instead of using it differently.

This was very exciting for them as they had seen it for the very first time. With this STEM education, they learnt and understood the topic without any hindrance.

### **Summing Up**

I had the best time during Internship. All the students were well-mannered, and kind hearted. We had developed a strong bond which is unforgettable. I would cordially like to thank all the respected teachers whose guidance has helped me to grow and will keep doing the same.

## INTERNSHIP REPORT

Teaching, often regarded as the profession that lays the foundation for all others, has been a profound journey for me during my teaching internship. As a dedicated student of Maa Bharti P.G. College, pursuing my B.Sc. B.Ed. in the 4<sup>th</sup> Year, I'm thrilled to share my transformative experience during my internship at Govt. Sr. Sec. School Notara Maliyan Kota, Rajasthan.

This internship has provided me with a platform to explore the intricacies of teaching and the responsibilities that come with it. It has been a journey of growth, self-discovery, and understanding the impact that educators can have on the future. I wish to express my heartfelt gratitude to Maa Bharti P.G. College and the Education Department for bestowing upon us the invaluable opportunity to undergo this internship. It has been an eye-opening experience, equipping us with the skills and knowledge needed to shape the future of young minds.

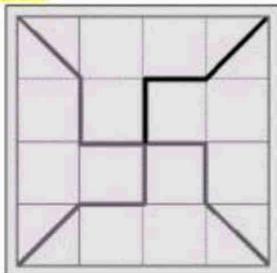

STEM education, an acronym for Science, Technology, Engineering, and Mathematics, is an interdisciplinary approach to learning that emphasizes these core subjects. It cultivates critical thinking, problem-solving, and innovation, preparing students for the challenges of a rapidly evolving world. STEM education encourages hands-on learning, inquiry-based teaching, and real-world applications, fostering a deep understanding of these fields. It equips students with the skills and knowledge needed for a diverse array of careers, from computer science and engineering to healthcare and environmental science. Additionally, incorporating rotational symmetry in swastik designs is an example of how STEM principles apply in cultural and artistic contexts. STEM education is crucial for preparing the next generation to thrive in a technology-driven global economy.

**ORDER OF ROTATION = 4 , LINES OF SYMMETRY = 0**

A pattern has rotational symmetry of order 4 and no line symmetry.

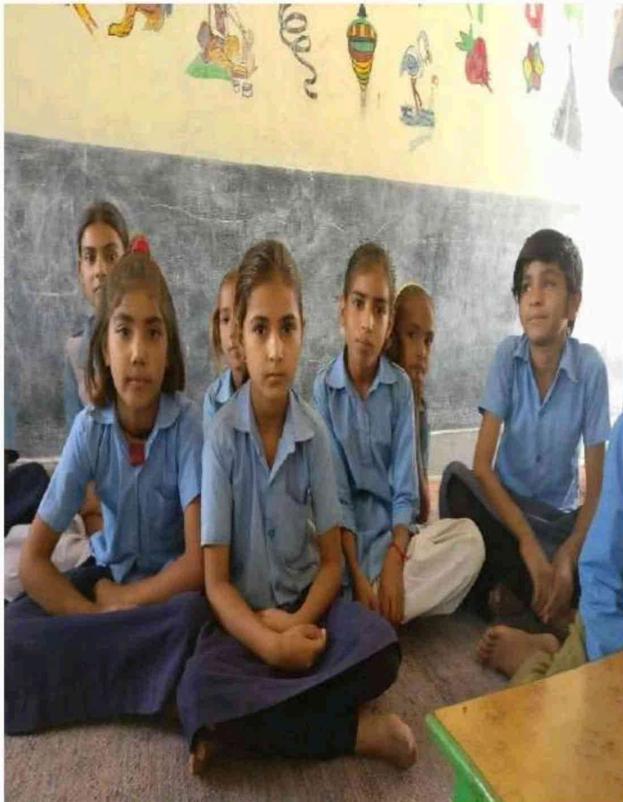

Part of the pattern is shown.

Complete the pattern.

The School Internship program is an integral component of the Teacher's training curriculum. Within this initiative, students are assigned to various schools, providing them with invaluable hands-on experience in real classroom settings. Our college annually selects 3rd and 4th year students to participate in this Internship program. I was personally assigned to Govt Senior secondary school Notara Maliyan kota Raj. , where I completed a 24-day Internship from March 15, 2023, to April 19, 2023. This experience allowed me to engage with students as a teacher and tackle various classroom situations, which was both challenging and enriching.

I extend my sincere appreciation to the Principal of GSS School, the School Coordinator, the entire staff, and my fellow Internship Students for their invaluable support. Our collective experience at the school was marked by countless cherished memories that I will carry with me always. Their guidance and the nurturing environment they provided were instrumental in helping me grow and prepare for a promising future.

To be a teacher is to inspire, educate, and guide. It involves imparting knowledge, nurturing curiosity, and fostering critical thinking in students. It means shaping future generations, instilling values, and igniting a lifelong love for learning. A teacher's role is pivotal in shaping individuals .

उन्होंने मुझे इस प्रशिक्षण कार्यक्रम की सारी प्रक्रिया समझायी। इस कार्यक्रम में प्रिंसिपल सर और अन्य शिक्षको ने मेरा बहुत सहयोग किया।

यह इंटरनशिप कार्यक्रम मल्टीटास्किंग, संचार, विविधता से निपटने के लिए सीखने और समय सीमा से निपटने जैसे कौशल विकसित करने में बहुत मददगार था, खासकर जब आप दूसरों के साथ काम कर रहे हों और अपने से अधिक अनुभवी हों।

मुझे पता था कि मेरी इंटरनशिप का पहला दिन बहुत रोमांचक और घबराहट भरा था। परन्तु मेरे सहकर्मी शिक्षको ने मेरी घबराहट को कम करने में मेरी मदद की, फिर मैं कक्षा में गया और यह एक बहुत अच्छा अनुभव था, सभी छात्र एक शिक्षक के रूप में पूरे सम्मान के साथ मेरा स्वागत करते हैं।

इन सुनहरे दिनों ने हमें बहुत कुछ सिखाया, उस दिन मुझे इस पाठ्यक्रम के महत्व और मूल्य का एहसास हुआ। मैं बहुत भाग्यशाली महसूस कर रहा हूँ की मुझे इस कार्यक्रम की वजह से पढ़ाने का अवसर मिला।  
पढ़ाना मेरे जीवन का सबसे बड़ा अनुभव होगा इसलिए मैं इन सुनहरे दिनों को कभी नहीं भूलूँगा।

## निष्कर्ष

वे दिन सचमुच सुनहरे दिन थे, इस इंटरनशिप कार्यक्रम में बहुत सारी चीजें सीखीं। मैं बच्चों से जुड़ा हुआ था और जब मुझे वापस लौटना पड़ा तो मुझे दुख हुआ।

मैं अपने कॉलेज के शिक्षकों का बहुत आभारी और खुश हूँ, जिनका प्रशिक्षण और मार्गदर्शन बहुत उचित था और इससे मुझे आगे बढ़ने में मदद मिली।

It's my honor that I have got an opportunity to share my working experience as an intern. School internship is an integral part in a pupil teacher's life and the first step in experiencing teachers' role. It is a program in which interns go to the school to teach students so they can experience the difficulties and also learn how to overcome all the difficulties while teaching students of different individuality and personality. I had been sent to the Govt. Upper primary school manyakheri for internship.

I am very thankful and grateful to the principal and staff of the school who guided me during my internship, gave me tips to overcome difficulties that I faced while teaching. Little did I know that the internship would be so easy for me. This internship helped me to learn so many things such as how to communicate with students, how to tackle their different individuality, how to be confident, and how to manage the student who always looks forward to creating chaos in the class.

Although, it was my first internship so I was quite nervous, but also filled with excitement as teaching is one of my passions. All the teachers, and especially the school principal helped me to overcome my nervousness and also gave me some tips to teach students of 1st ,2nd to 10th as well. It was a great experience with students and on the last day of my internship, I didn't wish to finish it because I had developed a good bond with all the students.

### **Conclusion**

I had the best time during Internship. All the students were well-mannered, and kind hearted. We had developed a strong bond which is unforgettable. I would cordially like to thank all the respected teachers whose guidance has helped me to grow and will keep doing the same.

**Thank You.**

## ***इंटरशिप का प्रथम दिन***

मुझे मेरे इंटरशिप का वह प्रथम दिन याद है जो मेरे लिए उत्साहित होने के साथ-साथ घबराहट का विषय भी .

और सर्वप्रथम मैं विद्यालय के प्रिंसिपल के पास गई और उसके बाद विद्यालय में कार्यरत अध्यापकों से मिली. अध्यापक व प्रिंसिपल ने मेरी घबराहट दूर करने के लिए मेरी सहायता की . प्रिंसिपल ने मुझे विद्यालय क्षेत्र में अपना कक्षा क्षेत्र दिखाए. मैंने अपना पहला पाठ आयोजित किया .बच्चों के साथ समय बिताया. अध्यापकों व बच्चों के साथ अच्छे संबंध स्थापित हुए.

## PowerPoint presentation

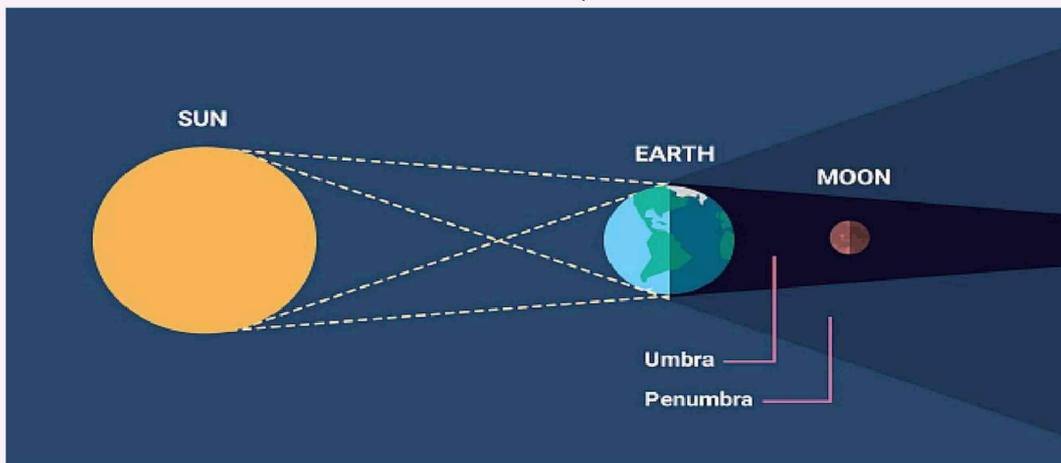

PPT के माध्यम से मैंने ग्राफिक्स, छवियाँ, और संक्षेप जानकारी को प्रस्तुत करने का आदर्श तरीका सीखा है। यह एक शिक्षा प्रस्तुति को रूचिकर और समझने में मदद करता है। प्रेजेंटेशन करने के दौरान, मैंने अपनी आवश्यकताओं के आधार पर डिज़ाइन किए गए स्लाइड्स का उपयोग किया और अपने विचारों को प्रभावी ढंग से प्रस्तुत किया। PPT का उपयोग मेरे विचारों को स्पष्ट और आकर्षक ढंग से प्रस्तुत करने में मेरी मदद करता है, जिससे अधिक लोगों को मेरी बात समझने में सहायता मिलती है।

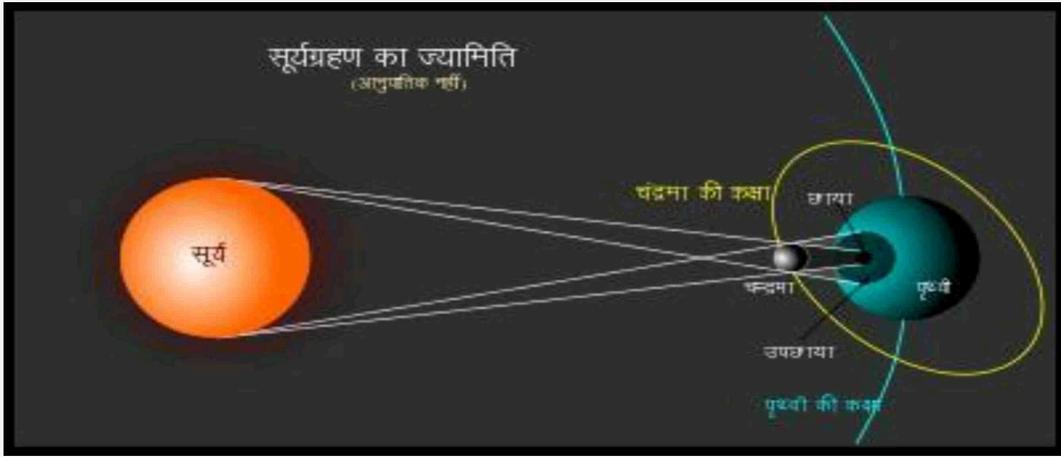

मैं अपने महाविद्यालय के educational department का धन्यवाद करना चाहती हूँ। मैं हमारे महाविद्यालय की educational department की hOD dr arshi Abbasi mam. जिन्होंने हमें आधुनिक शिक्षा प्रणाली के बारे में परिचय दिया व एक श्रेष्ठ मार्गदर्शक बनकर हमारी सहायता की। उनका भी धन्यवाद करना चाहती हूँ

## विषय..... सूर्य ग्रहण व चंद्र ग्रहण

हमने हमारे विषय से संबंधित मॉडल बनाया. जिससे कि विद्यार्थियों को विषय से जोड़ा जा सके विद्यार्थी अच्छे श्रोता बने. पीपीटी बनाई तब उसके अंतर्गत हमने चित्र वचलचित्र आदि को जोड़ा. जिससे बच्चों को सीखने में समझने में सुविधा में सहायता.

हमने हमारे विषय के अंतर्गत ग्रहण के बारे में वह उनके प्रकार सूर्य ग्रहण में चंद्र ग्रहण को विस्तार से चलचित्र द्वारा समझाया.

## उपसंहार

मेरे लिए सुनहरे दिन थे. मैंने इन दिनों के अंतर्गत बहुत नई चीज सीखी. मैं विद्यालय में बच्चों से जुड़ गई थी और यह स्थिति ने मुझे दुखी कर जब मेरा समय पूर्ण हो गया था. मैं अपने महाविद्यालय के अध्यापकों को शक्रिया करती हूं क्योंकि उनकी ट्रेनिंग और निर्देशन से हमें उन्नति करने में सहायता मिली.

The internship is a major part of the B.Ed curriculum which has included full time engagement in real School situation for a prolonged period of 1 month duration. Under internship program the student teachers are sent to school to observe the supervision and monitoring system of the school.

The B.Ed trainees have to observe the prayer and assembly of the school. The role of the school instructed us to maintain the time table, to note the grievance redressal system, to observe the activities of the union body of the school, to observe the role of teachers in organisation of CCA, organisation of educational field trip, observation of community festival, observation of peer teachers teaching and the role of principal or headmaster.

This was one of the most memorable experience of my life. All the people associated along with internship program have been cooperative. In order to justify all the different experience in the School internship. Let us summarise it pointwise in short.

1. The first day of my internship program was very interesting. The experience of going to Mahatma Gandhi Government School for seeking internship permission was both regarding and disappointing. The staff of the school was welcoming and cooperative but the disappointing thing was the information letter and our attendance register were not sent to the school. For this reason we were not allowed to take class on that day and we had to go back to college to meet our academic incharge.

2. The staff of the school was very co-operative and encouraging.

3. The most mentioning experience is of taking classes. Initially for the first three days there was no time table or routine for us to take classes. Therefore I had to take English class of class 9th in Fourth period but when I entered the class I came to know that English class was already done. From the day 5 of the month I could be able to take the English class in the first period regularly according to the school class routine. Therefore I could finish my syllabus and could be able to hold my first achievement.

4. The most worth noting experience is that I learnt to maintain class. I found that many times students focus very properly and the topic that we think otherwise continue for 45 minutes get completed in just 20 to 30 minutes. I found teaching with the help of teaching aids was very helpful and interesting.

5. Co-operation amongst peers also was a lesson that I learn during this month of internship.

6. From the internship I also learnt the lesson of practical discipline from the various rules and regulations of the school.

7. I got the opportunities of participating in the two extra curricular activities of the school which held in the school during these month full stop it was a great knowledge for me.

I am highly thankful to my pedagogy teachers of education department of Maa Bharti PG College for their constant support and encouragement throughout the internship phase. In short, I am thankful to one and all who have knowingly and unknowingly contributed to the completion of this internship programme.

Thank You

बीएससी बीएड इंटरनशिप कार्यक्रम को पूरा करने के लिए, मैं हमारे माननीय प्रिंसिपल (एचओडी) मैम, इंटरनशिप समन्वयक और सम्मानित शिक्षकों को इस कार्य को करने में सक्षम बनाने के लिए अपना हार्दिक धन्यवाद व्यक्त करता हूं।

राजकीय उच्च प्राथमिक विद्यालय लसाडिया कलां कोटा मे एक प्रशिक्षु शिक्षक के रूप में अपने कार्य अनुभव को साझा करना मेरे लिए खुशी की बात है।

स्कूल इंटरनशिप कार्यक्रम शिक्षक प्रशिक्षण कार्यक्रम का एक हिस्सा है। किसी स्कूल में जाकर छात्रों को पढ़ाना और उन सभी परिस्थितियों का सामना करना एक अद्भुत अनुभव है जो एक कक्षा चलाने के दौरान एक शिक्षक के सामने आती हैं। मुझे राजकीय उच्च प्राथमिक विद्यालय लसाडिया में 24 दिनों की इंटरनशिप के लिए भेजा गया था।

मुझे आज भी अपनी इंटरनशिप का पहला दिन याद है। मैं एक ही समय में उत्साहित और घबराया हुआ था। मैं समय पर स्कूल पहुंचा और सबसे पहले प्रिंसिपल ऑफिस जाकर आदरणीय प्रिंसिपल सर से मिला।

#### STEM EDUCATION

STEM education stands for Science, Technology, Engineering, and Mathematics. It is not limited to this only but more than this as it has grown to represent a unique approach to teaching and learning and even wider. STEM education focuses on the learning style and interest of the child. I would cordially like to thank the Educated Department of MBPG college who gave us the chance to work on the STEM which was truly an immense experience and got to learn a lot. Using the STEM education, I made a project on Monalisa painting which is incredible painting by a well-known painter Leonardo D Vinci and also depicted to students how Science, Technology, Engineering, and Mathematics could be used in one, instead of using it differently.

This was very exciting for them as they had seen it for the very first time. With this STEM education, they learnt and understood the topic without any hindrance.

#### Summing Up

I had the best time during Internship. All the students were well-mannered, and kind hearted. We had developed a strong bond which is unforgettable. I would cordially like to thank all the respected teachers whose guidance has helped me to grow and will keep doing the same.

किसी महत्वपूर्ण कार्य का प्रारम्भ करना जितना महत्वपूर्ण है उसे संचालित करने में उतनी ही ज़रूरत की आवश्यकता है। सबसे पहले मैं हमारे महाविद्यालय के Education department का आगार व्यक्त करना चाहता हूँ कि उन्होंने हमें इंटरनेट से प्राप्त अनुभवों को साझा करने का अवसर दिया।

इंटरनेट प्रोग्राम के तहत जैलम के राजकीय उच्च माध्यमिक विद्यालय में एक प्रशिक्षण शिक्षक के रूप में काम करने का अपना अनुभव साझा करने की मेरे लिए खुशी की बात है।

हमारे विद्यालय द्वारा इंटरनेट कार्यक्रम के तहत हमें अलग-अलग विद्यालयों के लिए भोजन कराया गया था मुझे आज भी इंटरनेट का पहला दिन याद है। मैं लगभग पर विद्यालय पहुँचना में एक ही समय में उत्साहित व चकराया हुआ था। मैं लगभग पर विद्यालय पहुँचना व प्रिंसिपल मैम से मिला और रिपोर्टिंग के बाद उन्होंने मुझे व्यास में भेज दिया।

हमारी जानते हैं कि धार्मिक अनुभव सनोतम होता है और इंटरनेट ने मुझे वर धार्मिक बात और अनुभव प्राप्त करने का अवसर दिया जो एक शिक्षक बनने के लिए आवश्यक है। मुझे लगता है कि इंटरनेट से मुझे कई चीजें मिली हैं कि विकसित करने में मदद मिली जो अनिवार्य से मेरे काम आली और यह सब विद्यालय के सहयोग द्वारा सम्पन्न हुआ क्योंकि विद्यालय से मुझे सर्व सहयोग मिला।

इंटरनेट को सफल बनाने में जितना सहयोग विद्यालय से मिला उतना ही सहयोग हमें विद्यालय से प्राप्त हुआ। महाविद्यालय के Education department ने हमें एक और बहुत ही शानदार तरीके से सिखाया।

STEM EDUCATION:- हमारा महाविद्यालय राजस्थान का पहला महाविद्यालय था

जिसने सबसे पहले शिक्षा नीति के प्रोग्राम STEM Education नीति पर विद्यार्थियों को अध्यापन कार्य का प्रशिक्षण दिया। नई शिक्षा नीति की इस पहल के तहत EDUCATION DEPARTMENT के सहयोग से मैंने अपनी मिडी के बर्तनों पर अपनी वार्षिक पाठ योजना तैयार की।

यह मेरे लिए खुशी की बात है कि मैं राजकीय उच्च माध्यमिक विद्यालय में एक प्रबोध शिक्षक के रूप में कार्य कर अपने कार्य अनुभव को साझा कर रही हूँ। किसी भी स्कूल में छात्रों को पढ़ाना तथा पढ़ाने समय आने वाली कठिन परिस्थितियों का सामना करना एक अद्भुत अनुभव है।

जब मैं पहले दिन अपने विद्यालय पढ़ाने गयी थी तब सबसे पहले मैं विद्यालय के प्राधान्याचार्य से मिली उसके बाद कक्षाध्यक्षों से ज्ञान हुआ, वह सभी विनम्र स्वभाव के थे उन सभी ने मेरा सहयोग दिया और मुझे यह समझाया कि राजकीय तरह अध्यापक को पढ़ाना चाहिए।

मैं अपने महाविद्यालय के अध्यापकों को भी धन्यवाद देना चाहूंगी जिन्होंने हमें सीखाया कि कक्षा में छात्र व छात्रिकाओं को किस तरह पढ़ाया जाता है किस तरह व्यामपट्ट पर लिखा जाता है किस तरह अपना शिक्षण बिंदु पढ़ाया जाता है किस तरह के प्रश्न किए जाएंगे जिससे अपने प्रकरण तक पहुँचा जा सके।

इसके अलावा मैं राजकीय उच्च माध्यमिक विद्यालय, सुभाष नगर, कोटा को धन्यवाद देना चाहता हूँ, जहाँ मैं 16 मार्च, 2023 से 19 अप्रैल 2023 तक इंटर्नशिप पर रहा। विद्यालय के स्टाफ ने मेरी सहायता के साथ प्रोत्साहन भी दिया। विद्यालय के सभी छात्रों ने मेरा समर्थन भी किया तथा उन्होंने ऐसा माहौल बनाया जिसमें कि मैं उन्हें बेहतर तरीके से पढ़ा सकूँ।

⇒ कॉलेज द्वारा हमें दो माह तक प्रशिक्षण मिला जिसमें हमें विभिन्न प्रकार के कौशल से अवगत करवाया।

⇒ मैं हमारे संस्थान के इंटर्नशिप समन्वयक शिक्षको का विशेष धन्यवाद करना चाहता हूँ जिन्होंने हम समय-समय पर, उचित मार्गदर्शन देकर हमें इंटर्नशिप के लिए तैयार किया।

⇒ नई शिक्षा विधि के अनुसार - स्कूली शिक्षको का एक

⇒ हमारे शिक्षक नियमित रूप से हमारा अवलोकन कर रहे थे और हमारी सलाहना कर रहे थे, जिससे हमें फ़ाईल लेने का आत्मविश्वास मिला। हमने छात्रों को पढ़ाने के लिए पढ़ने सीखी गई सभी संभव कौशल का उपयोग करने की कोशिश की।

⇒ जब हमारी इंटरनेशनल लगी तब विद्यालय में परिभाषा चल रही थी। अतः हमें परिभाषा के दौरान उपस्थित रहने के लिए कहा गया था ताकि यह समझा सके कि

परीक्षा कैसे आयोजित की जानी है। और परीक्षा के लॉगिन क्या चीजें की जानी है। हमने विभिन्न पाठ्यचर्या संबंधी गतिविधियों में भाग लिया और नियमित शिक्षक के साथ उनकी सलाह भी की।

⇒ हमने कक्षा के बच्चों से स्कूल के बारे में जानने की कोशिश की। चूंकि हम इंटर के शिक्षक थे, इसलिए कई बार छात्र हमें परेशान करने की कोशिश करते थे। और हमें नजर अंदाज कर देते थे, लेकिन जैसे ही हमने उनकी कक्षाएं लीं, वे भी हमारा सहयोग कर रहे थे।

⇒ मैंने कक्षा 5, 6 व 7 को गणित तथा सामाजिक पढ़ाई तथा विद्यार्थियों के विवेक पर विज्ञान भी पढ़ाई।

⇒ एक शिक्षक के रूप में मैंने उनसे लेवल भी लिया। जो उन्होंने अपने ही देश पर धरा कब्जे को संवर्धन करवा लिया।

⇒ मैंने देखा कि यदि उन छात्रों को सही निर्देशन दिया जाए, तो उनका आविष्कार बहुत उच्च हो सकता है।

⇒ अंत में मैं यह कहना चाहता हूँ कि मेरी इंटरशिप काफी अच्छी रही क्योंकि मैंने बलास में आत्मविश्वासी रहना सीखा तथा बच्चों की कक्षाओं से अभिप्रेरणा भी मिली तथा आवी शिक्षक बनने हेतु प्रोत्साहन मिला।

## INTERNSHIP REPORT

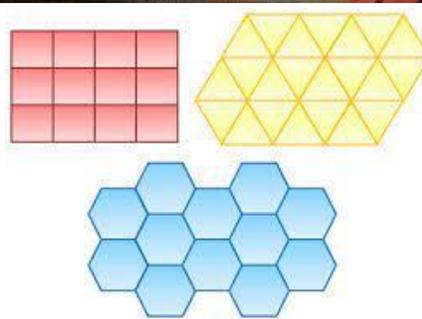

Teaching is the profession that creates all other professions.

I am so delighted to share my experience of teaching internship.

Being a student of Maa Bharti P.G. College with the discipline of B.Sc. B.Ed. in 3<sup>rd</sup> Year here I am saying my heart out about my journey of my beautiful time span started in March as an internship at Govt. Girl's Sr. Sec. School Kota, Rajasthan.

I would like to express my gratitude to Maa Bharti P.G. College and Education Dept. to provide us this eternal called Internship that enriched us in our expedition of becoming teachers of future.

They trained us through different types of methods like model based on 'STEM EDUCATION'. STEM stands as an approach to learning and development that integrates the areas of science, technology, engineering and mathematics. It represents a unique approach to teaching and learning, one that centers around individual students' learning styles and interests. It was used in my topic "झरोखो के पीछे कला और गणित" that shows correlation between Art & Mathematics through a model.

School Internship program is a part of Teacher's training program.

Under this programme students are sent to different schools, where they get the experience to deal with students in the real classroom situation. Every year our college sends 3<sup>rd</sup> & 4<sup>th</sup> year students for Internship. I had been sent to Govt. Girl's Sr. Sec. School Kota for 24 days Internship from 17.03.2023 to 21.04.2023. It was a great experience to teach students and face all the situations as a teacher during a class.

Also, I would like to thank GSS School's principal, school coordinator, all staff members and all other Internship Students for being very supportive. We shared millions of memories that I will cherish forever as for their support and guidance for they provided an environment that helped me to shape for better tomorrow.

I realized what it really means to be a teacher, students sees us as their ideal and trusts us completely hence the responsibility for their overall development rest on us. So, I will try my best to become a good teacher. I am really happy to choose this sector that I'll be able to contribute in making the students good civilians. This internship gave me many unforgettable memories.

Thanks to the staff for giving lessons and my fellows for cooperation, this will be the best time span to remember.
