# Library Management System

In this project there are 4 menus which are :

1. Book master
2. Member master
3. Supplier master
4. Exit

There are different menu items in each menu :

1. Book master :

In this we add about the new books and books details

1 New book :  
In this we told about the all new books as well as we can update or add items in it.

2. Book details :  
In this we have told about all the details of the books

2. member master :

1. New member registration :

## Preface

This project is developed to computerization and a study of "library management System".

In our study, divide it in seven chapters. Chapter-1 indicate the meaning of the project; Chapter-2 About Visual Basic in which we prepare our project, Chapter-3 About System Development Life Cycle, Chapter-4 About ER Diagram, Chapter-5 About Database Design, Chapter-6 Coding, Chapter-7 Snapshots .

Our thanks are also due to other faculties and lab supervisors. We are greatly thankful to the Director of the MAA BHARTI P.G. COLLEGE, Mahaveer Nagar III, Kota, Mr. DINESH VIJAY for their timely, Prompt aid in providing and making available to us the relevant literature of end for this study.

We would also like to thank God for the ability he has given us to do such a task.

With thanks to all

Ayushi Singh Chauhan  
Sujal Adlakha  
Kunal Bhardwaj  
Ekta Sharma  
Vinod kumar
